About Me

A motivated, adaptable and responsible person. I have methodical, enthusiastic and a strong drive to see things through to completion. I have maintained myself to work under any circumstances and continue my work under heavy pressure. I intend to be a part of an organization where I can constantly learn and develop my technical and management skills and make best use of it for the growth of the organization. I look forward to establishing myself by adapting new technologies.

Experience-Yearly Projects

MINI PROJECT- STUDENT RESULT ANALYSIS

Student exam performance analysis system made in visual basis .NET framework using MySQL database.

The main objective of this software is to analyze the result of each individual student and predict the result and their performance in upcoming exams.

MAJOR PROJECT- E BAZAR (E-COMMERCE WEBSITE)

E-bazar is an e-commerce website.

The proposed system developed using -PostgreSQL for database, Django REST framework (flexible toolkit for building web APIs),
